

Mac OS X Leopard: Intensive Class

Our next Mac OS X Leopard: Intensive Classes is Saturday December 1st. This is a great hands on 1 day 7 hour class to help you learn time saving shortcuts and get deeper in to the features of Mac OS X 10.5. Special now \$250 instead of \$300. Register now.

In this hands on seminar, Mac OS X Leopard: Intensive, you will learn about Mac OS X:

How to navigate windows, the desktop and file system. How to manage data and users. How to set up printers, fax, pdf workflows. How to connect to the Internet, email and transfer files. How to customize your environment, plus TimeMachine, Spaces and so much more.

There will be plenty of hands on work and Q & A

\$300 For this seminar Includes:

Workbook and files CD-ROM

Book: Mac OS 10.5 Visual Quickstart Guide

Breakfast - bagels, coffee and juice

Boxed lunch and beverages
